4. New Business
 - Kim O'Rourke: Eversource grant for CT Community Partnership Initiative to do outreach on HES-IE and Heatpump programs.
 - Community Impact Residency – Jennifer Kleindienst is working the faculty member Clifton Watson at Wesleyan on the sustainability and environmental justice aspect of the residency and is looking for a potential project for 2-3 students to work on over the year. Is there a good way to engage students on a CETF project? Students are limited to about 5 hours a week and they would like to have a list of prospective projects by mid-August.
 - Scheduling a possible in-person non-official get-together to rejuvenate and re-energize?
 - Anna has a meeting with Mayor Florsheim on Friday, August 5th, to discuss the Energy Plan and the new Energy Coordinator and Sustainability Coordinator positions.
