ZONING CODE, CITY OF MIDDLETOWN, CONN.
ARTICLE I  ZONING PROVISIONS
SECTION 10  GENERAL PROVISIONS

10.00 GENERAL
Except as hereinafter specified, it shall be unlawful to use any land, structure, or building or to construct, erect, structurally alter, enlarge or rebuild any building or structure or part thereof unless in conformity with the provisions of this Code. No use or occupancy of building, structure, land or premises and no trade or industry shall hereafter be permitted within the City of Middletown which will produce irritating, corrosive, toxic or noxious fumes, gas vapor, smoke, cinders, or odors or obnoxious dust or waste or undue noise or vibration so as to be detrimental to the public health, safety or general welfare. The provisions of this Code shall not require modifying or changing the height, location or size of any building now existing or any change in the construction or arrangement of any such building or any change in the present use of any building, structure or premises.

10.01 PURPOSE
The purpose of this Zoning Code and the intent of the legislative authority in its adoption is to promote and protect the public health, safety, convenience, comfort, prosperity and the general welfare of the City of Middletown, Connecticut; by regulating the use of buildings, other structures and land for residences, public facilities, institutions, business, services, industry or other purposes; by regulating and restricting the bulk, height, design, percent of lot occupancy, and location of buildings; by regulating and limiting population density; and, for the aforesaid purposes, to divide the land within the corporate limits of the City into zones of such number and dimensions in accordance with the objectives of the Plan of Development; and to provide procedures for administration and amendment of it.

10.02 INTENT
This Zoning Code is intended to achieve, among others, the following objectives: to protect the character and values of residential, institutional and public uses, business, commercial, and manufacturing uses - and to insure their orderly and beneficial development; and to provide adequate open spaces for light, air and outdoor uses; and to prevent excessive concentration of population - and, on the other hand, to prevent sparse and uncoordinated development; and to regulate and control the location and spacing of buildings on the lot and in relation to the surrounding property so as to carry out the objectives of the Plan of Development; and to regulate the location of buildings and intensity of uses in relation to streets according to plans so as to cause the least interference with, and be damaged least by traffic movements, and hence result in lessened street congestion and improved public safety; and to establish zoning patterns that insure economic extensions for sewers, water supply, waste disposal and other public utilities, as well as developments for recreation, schools, and other public facilities; and to guide the future development of the City so as to bring about the gradual conformity of land and building uses in accordance with the objectives of the Plan of Development; and to accomplish the specific intents and goals set forth in the introduction to the respective parts.
APPLICATION OF ZONE REGULATIONS

Except as hereinafter provided, the following general regulations shall apply:

10.03.01 No building, structure, or land shall hereafter be used or occupied; and no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered except in conformity with all of the regulations herein specified for the zone in which it is located.

10.03.02 No building or other structure shall hereafter be erected or altered: to exceed the height or bulk; to accommodate or house a greater number of families; to occupy a greater per cent of lot area; to have narrower or smaller rear yards, front yards, side yards or other open spaces than herein required; or in any other manner contrary to the provisions of this Code.

10.03.03 No part of a yard, or other open space, or off-street parking or loading space required above or in connection with any building for the purpose of complying with this Code, shall be included as part of a yard, open space, or off-street parking or loading space similarly required for any other building.

10.03.04 No yard or lot existing at the time of passage of this amendment shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the effective date of this amendment shall meet, at least; the minimum requirements established by this Code.

10.03.05 No parking area, parking space or loading space which exists on the effective date of this amendment or which subsequent thereto is provided for the purpose of complying with the provisions of this Code shall hereafter be relinquished or reduced in manner below the requirements established by this Code, unless additional parking area or space is provided sufficient for the purpose of complying with the provisions of this Code within three hundred (300) feet of the proposed or existing uses for which such parking will be available.

SEPARABILITY CLAUSE
Each section of this Code and each part of such section are declared to be independent sections and parts of sections, and notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of said sections, or parts of sections and the application of such provision to any person or circumstances other than as to those to which it is held invalid, shall not be affected thereby, and it is hereby declared, that this Code would have been passed independently of the section, sections or parts of a section held to be invalid.

PROVISIONS DECLARED TO BE MINIMUM REQUIREMENTS
In their interpretation and application, the provisions of this Code shall be held to be minimum requirements, adopted for the promotion of the public health, safety, moral, or general welfare. Wherever the requirements of this Code are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standards shall govern.
10.06 **SITE PLAN APPROVAL**
Site Plan approval shall be required in accordance with Section 55 of this Code.

10.07 **LIMITATIONS ON ACCESSORY USES.**
Any use which is incidental only to Permitted Uses and which complies with all of the following conditions may be operated as an Accessory Use.

10.07.01 **RELATIONSHIP**
Is clearly incidental and customary to and commonly associated with the operation of the Permitted Uses.

10.07.02 **OWNERSHIP**
Is operated and maintained under the same ownership and on the same lot as the Permitted Uses.

10.07.03 **CONSISTENCY**
Does not include structures or structural features inconsistent with Permitted Uses.

10.07.04 **RESIDENTIAL OCCUPANCY**
Does not include residential occupancy.

10.07.05 **DETACHED STRUCTURES**
If operated partially or entirely in detached structures, the gross floor area of such detached structures, shall not exceed ten (10) percent of the area of the lot.

10.06 **ATTACHED STRUCTURES**
If operated partially or entirely within the structure containing the Permitted Uses, the gross floor area within such structures utilized by Accessory Uses (except garages and off-street loading facilities) shall not be greater than twenty (20) percent of the gross floor area, but not to exceed three hundred (300) square feet of a single unit dwelling; ten (10) percent of the gross floor area of a structure containing any Permitted Uses other than a single unit dwelling.

10.08 **Residential Unit Business Pursuit**
The purpose of permitting this accessory activity is to allow certain small scale quasi-business undertakings by the dwelling occupant that will not influence the immediate neighborhood and would not be economically feasible if conducted in a totally business setting.

I. The activity offered shall meet the following criteria:

A) Be conducted solely by an occupant of the dwelling unit without any non-resident assistants or employees and entirely within the dwelling unit, specifically excluding any area designed as a garage.

B) Not present any external evidence of the activity including a separate entrance or the parking of any vehicle which displays any evidence, however, a sign shall be permitted no larger than that specified in the sign regulation identifying the activity.

C) Not utilize more than twenty (20) percent or more than three hundred (300) square feet of the gross floor area of the dwelling unit.
D) No equipment or process used for the activity shall create: noise, vibration, glare, fumes, hazardous waste, electrical interference (visual or audible) with any radio, television, or telephone; or causes fluctuations in electrical line voltage off the premises.

E) Not generate greater vehicular traffic than would ordinarily be associated with the dwelling location or attract more than four (4) persons to the dwelling at any one time.

F) Only individual or unique physical items or services shall be created or provided and no item shall be sold at the dwelling.

G) Not involve repairing any item which would be brought to the dwelling.

II. Following is a list of business pursuit categories which may be pursued in residential units provided they do not violate any of the above criteria.

1) Office activity such as: consulting, writing, computer programming, tutoring, telephone answering and drafting.

2) Fine Arts such as: painting, sculpturing, photography, model making, crafts and weaving.

3) Culinary activities such as: baking, cooking and preserving food.

A Residential Unit Business approval shall be issued for a 90 day trial period during which time the activity may be observed to make an initial evaluation possible. After the 90 day period approval may be made permanent.

10.08.01 FINDINGS
A Residential Unit Business Pursuit shall be granted when the Director of the Planning and Zoning Department finds that the proposed Residential Unit Business Pursuit will not violate any provision of this Code.

10.08.02 APPROVED USE
No substantial deviation from an approved Residential Unit Business Pursuit shall be permitted without the approval of the Director of the Planning and Zoning Department. Any deviation without approval is grounds to revoke the Residential Unit Business Pursuit. Amended 6/1/85

10.09 ENVIRONMENTAL RESPONSIBILITY

10.09.01 Purpose: Pursuant to Public Act No. 83-388 "Soil Erosion and Sediment Control Act", all developers, contractors, and builders in any capacity of construction, whether public or private, shall be responsible and liable for correcting soil erosion and sedimentation drainage on their own parcel and to contiguous property, roads, street drainage systems, and natural water bodies and waterways whether caused directly or indirectly by their operations.
All developers shall:
1. Provide proper provisions for soil erosion and sediment control, and
2. Provide a soil erosion and sediment control plan for any development when the disturbed area is more than one half (½) acre.

10.09.02 DEFINITIONS

"Certification" means signed approval on a filed map or written approval by the Planning and Zoning Commission. The Commission may petition the Middlesex County Soil and Water Conservation District, Inc. for a study to establish that a soil erosion and sediment control plan complies with the requirements set forth in this Section.

"Development" means any construction requiring grading activities to any parcel of land in the City of Middletown over one-half (½) acre in size. A single family dwelling not part of a subdivision of land shall be exempt.

"Disturbed area" means an area where the land cover is destroyed or removed leaving the parcel under development subject to accelerated erosion, both from on and off the site.

"Erosion" means the detachment and movement of soil or rock fragments by ground water runoff, wind, ice and gravity due to excessive slopes.

"Grading" means any excavating, grubbing, filling, hydraulic filling, or stock piling of earth or any combination thereof, including the land in its excavated or filled condition.

"Inspection" means the periodic review of sediment and erosion control measures shown on a certified plan.

"Regulations" mean the Zoning Code of the City of Middletown, as amended.

"Sediment" means solid material, either mineral or organic, that is in suspension, is transported, or has been moved from its side of origin by erosion.

"Soil" means any unconsolidated mineral and organic material, more commonly known, but not limited to, land or earth.

"Soil Erosion and Sediment Control Plan" means a plan that identifies the method by which soil erosion and sedimentation is minimized in the parcel to be developed. The "Plan" shall include a map or site plan showing topography, existing cleared and graded areas, proposed areas to be cleared and graded, detailed graphic information concerning erosion and sedimentation measures and facilities to be undertaken. In addition a narrative, if required by the Planning and Zoning Commission shall describe the project, schedules design criteria, construction details and the maintenance for any erosion and sediment control facilities that are installed.
In addition to the requirements of Section 55.04 of this Code, relative to Site Plan Requirements of the City of Middletown, the developer shall also provide the following:

1. A narrative describing
   a. The development and its proposed use;
   b. Schedule and sequence for grading and construction activities, starting and completion dates, installation and application of soil erosion and sediment control measures, and schedule of final stabilization of the project site.
   c. Design criteria, construction details, installation and/or application procedures, and the operations and maintenance program for the proposed and sediment control measures and storm water management facilities.

2. In addition to data required on the site Section 55.04 the developers shall provide:
   a. In graphic form all the information required in Item 1 above and,
   b. Topography on adjacent properties for a distance of one hundred (100) feet,
   c. Proposed structures, utilities, and roads,
   d. Any other information deemed necessary and appropriate by the Applicant, requested by the Department of Public Works, or the Commission's designated agent as mentioned above.

### 10.09.04 MINIMUM STANDARDS

The developer is requested to use the publication, *Connecticut Guidelines for Soil Erosion and Sediment Control (1985)*, as amended, as a tool in providing all the minimum information required for soil erosion and sediment control, peak flow rates and volumes of water runoff if the Commission through its agent and other City departments do not provide an alternative method.

### 10.09.05 ISSUANCE OF DENIAL OF CERTIFICATION

1. The Planning and Zoning Commission shall either certify that the soil erosion and sediment control plan, as filed and approved complies with the requirement and objectives of these Section; or deny certification when the development does not comply. The affirmative certification shall be written on any map to be filed in the Town Clerk's office and the Commission Chairman's signature shall appear as part of the certification. If no map need be filed, affirmative certification shall be given in writing. Negative decisions shall be given to the developer in writing.

2. Nothing in this regulation shall be construed as extending the time limits for the approval of any application under Chapters 124, 124A, and 126 of the General Statutes.
3. If the Commission submits any plan to the Middlesex County Soil and Water Conservation District for recommendations, the review shall be completed with thirty days of receipt of such plan by MSCWCD.

4. The plan shall be submitted to the Inland Wetlands Commission, by the developer, for review if environmentally sensitive areas are involved.

10.09.06 CONDITIONS
1. No site development shall begin unless the soil erosion and sediment control plans are certified and those control measures and facilities in the plan scheduled for installation prior to site development are installed, functional, and maintained until the development is complete.

10.09.07 INSPECTION
The Planning and Zoning Commission through its appointed agent, Public Works, shall cause periodic inspections to be made to ensure compliance with the certified plan and that control measures and facilities are properly performed or installed and maintained. The Commission may ask for progress reports from the developer.

Amended 6/1/85
10.10 STORMWATER DETENTION REQUIREMENTS

10.10.01 All land development projects that would increase stormwater runoff from its site shall provide for on site detention of the increase unless specifically excluded herein.

10.10.02 Excluded development projects are:
(a) single family dwellings on lots of record,
(b) single family dwellings on lots larger than one (1) acre in size that are not built in conjunction with a new subdivision of land involving any new City streets,
(c) those on sites of one (1) acre or less.

10.10.03 The design of detention facilities may follow recommendations of the Soil Conservation Service in the publication titled, "Urban Hydrology for Small Watersheds", Technical Release No. 55-SLS, January, 1975 or the latest revision thereof.

The design criteria for detention shall be a fifty (50) year storm.

10.10.04 All calculations, designs, plans and specifications, shall be prepared by a State licensed professional engineer. The stormwater detention design proposal shall be shown as part of the site plan review information required in Section 55.

10.10.05 A special review fee schedule for projects shall be:

<table>
<thead>
<tr>
<th>Acres</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10</td>
<td>$50.00</td>
</tr>
<tr>
<td>10+</td>
<td>$100.00</td>
</tr>
<tr>
<td>25+</td>
<td>$250.00</td>
</tr>
</tbody>
</table>

10.10.06 A detention facility serving an area of ten (10) or more acres shall be eligible for City ownership.

For such a facility a surety performance bond equal to 100% of the estimated construction cost, as determined by the applicant subject to approval by the Commissioner, shall be posted when preliminary approval is granted but prior to actual construction of the facility.

The performance bond shall be released by the Commission in accordance with Section 26-7 (c) of the City Code provided that the facility is in sound, usable condition as determined by the Commission and that all other requirements related to the construction and dedication of the facility have been fully and faithfully performed by the applicant.
For the purpose of this Code the City of Middletown is hereby divided into the following zones:

RR  Rural Residential
R-1, R-2, R-3, R-4

11.02  ZONING MAP
The Zoning Map, together with the zones as shown and all the explanatory matter thereon, is hereby adopted by reference and declared to be a part of this Code.

11.02.01  IDENTIFICATION
The official Zoning Map shall be identified by the signature of the Chairman of the Commission, attested by its Director, and bearing the seal of the Commission under the following words: "This is to certify that this is the Official Zoning Map referred to in Section 11.02 of the Zoning Code of the City of Middletown, Connecticut."

11.02.02  CHANGES
If in accordance with the provisions of this Code and relevant, State Statutes, changes are made in zone boundaries or other matter portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map promptly after the amendment has been approved and adopted by the Commission, with an entry on the Official Zoning Map indicating the date the change became effective. No amendment to this Code which involves matters portrayed on the Official Zoning Map shall become effective until after such change and entry have been made on said map.

11.02.03  NO CHANGES of any nature shall be made in the Official Zoning Map or matter shown thereon, except in conformity with the procedures set forth in Section 71 of this Code.

11.02.04  FINAL AUTHORITY
Regardless of the existence of purported copies of the Official Zoning Map which may from time to time be made or published, the Official Zoning Map which shall be located in the office of the Commission, shall be the final authority as to the current zoning status of land and water areas, buildings, and other structures in the City.
11.03 REPLACEMENT OF OFFICIAL ZONING MAP
In the event that the Official Zoning Map becomes damaged, destroyed, lost, or
difficult to interpret because of the nature or number of changes and additio
the Commission may by resolution adopt a new Official Zoning Map which shall
supersede the prior Official Zoning Map. The new Official Zoning Map may
correct drafting or other errors or omissions in the prior Official Zoning Map
but no such correction shall have the effect of amending the original Official
Zoning Map or any subsequent amendment thereof. The new Official Zoning Map
shall be identified by signature of the Chairman of the Commission, attested
the Planning Director, and bearing the seal of the City under the following
words: "This is to certify that this Official Zoning Map supersedes and re-
places the Official Zoning Map adopted on (date),"—unless the prior Official
Zoning Map has been lost or has been totally destroyed, the prior map or any
significant parts thereof remaining, shall be preserved, together with all
available records pertaining to its adoption or amendment.

11.04 RULES FOR INTERPRETATION OF ZONE BOUNDARIES
Where uncertainty exists as to the boundaries of any zone as shown on the
Official Zoning Map, the following rules shall apply:

11.04.01 Boundaries indicated as approximately following the center lines of streets,
highways, or alleys shall be construed to follow such center lines;

11.04.02 Boundaries indicated as approximately following platted lot lines shall be
construed as following such lot lines;

11.04.03 Boundaries indicated as approximately following City limits shall be construed
as following such City limits;

11.04.04 Boundaries indicated as following railroad lines shall be construed to be
midway between the main tracks;

11.04.05 Boundaries indicated as approximately following the center lines of streams,
rivers, canals, lakes, or other bodies of water shall be construed to follow
such center lines;

11.04.06 Boundaries indicated as parallel to or extensions of features indicated in
subsections 11.04.01 through 11.04.05 above shall be so construed; Distances
not specifically indicated on the Official Zoning Map shall be determined
by the scale of the map.

11.04.07 Where physical or cultural features existing on the ground are at variance
with those shown on the Official Zoning Map, or in other circumstances not
covered by subsections 11.04.01 through 11.04.06 above, the Commission
shall interpret the zone boundaries;

11.04.08 Where a zone boundary line divides a lot which was in
single ownership at the time of passage of this ordinance,
the Commission may permit, as a special exception, the
extension of the regulations for either portion of the
lot not to exceed fifty (50) feet beyond the zone line
into the remaining portion of the lot.
12.01 VISIBLE AT INTERSECTIONS IN RESIDENTIAL ZONES
On a corner lot in any Residence Zone, no planting shall be placed or maintained, and no fence, building wall or other structure other than necessary retaining wall shall be constructed after the effective date of this section, if such planting or structure thereby obstructs vision at any point between a height of two and one-half (2 1/2) feet and a height of ten (10) feet above the upper face of the nearest curb and within the triangular area bounded on two sides by the two street lines, or by projections of such lines to their point of intersection and the third side by a straight line connecting points on such street lines (or their projections), each of which points is twenty-five (25) feet distant from the point of intersection of the two street lines. Poles, posts and guys for street lights and for other utility services and tree trunks, exclusive of leaves and branches, shall not be considered obstructions to vision within the meaning of this provision.

12.02 FENCES, WALLS AND HEDGES
Notwithstanding other provisions of this Code, fences, walls and hedges may be permitted in any required yard, or along the edge of any yard, provided that no fence, wall or hedge along the sides or front edge of any front yard shall be over two and one-half (2 1/2) feet in height.

12.03 ACCESSORY BUILDINGS
No accessory building shall be erected in any required yard, and no separate accessory building shall be erected within five (5) feet of any other building.

12.04 ERECTION OF MORE THAN ONE PRINCIPAL STRUCTURE ON A LOT
Every principal building hereinafter erected shall be located on a lot as herein defined, and except as herein provided, there shall be not more than one (1) single-family dwelling on one (1) lot.

12.05 BUILDABLE LOTS
A buildable lot is a lot which was legally recorded at the time of adoption of this section or which appeared on a preliminary subdivision plat approved by the Planning Commission prior to the adoption of this section and given final subdivision plat approval and filed with the Town Clerk within six (6) months of the adoption of this section and which was a buildable lot under the Zoning Code in effect immediately prior to the adoption of this section. There are no minimum area requirements. The lot must have minimum frontage of fifty (50) feet.
13.01 LOTS OF RECORD

13.01.01 DWELLING ON ANY LOT OF RECORD

In any Zone where dwellings are permitted a single family detached dwelling may be erected on any lot of official record at the effective date of this Code. The lot must have fifty (50) feet of frontage. Other area, yard, and open space requirements must be complied with as nearly as possible, required that:

13.01.02 MINIMUM YARDS

In no case shall the width of any side yard be less than ten (10) per cent of the width of the lot, and provided, that on a corner lot, the width of the side yard adjoining the side street lot line shall not be less than eight (8) feet or twenty (20) per cent of the frontage, whichever is the greater. In no case shall the depth of the rear yard be less than ten (10) feet. Front, side, or rear yard encroachments as specified in subsection 13.03 shall be prohibited in the case of substandard lots of record.

13.02 HEIGHT MODIFICATIONS

13.02.01 HEIGHT LIMITATIONS NOT APPLICABLE

The height limitations stipulated elsewhere in this Code shall not apply to the following:

13.02.02 FARM BUILDINGS, ARCHITECTURAL FEATURES, ETC.

Barns, silos, or other farm buildings or structures on farms; to church spires, belfries, cupolas and domes, monuments, water towers, fire and hose towers, observation towers, transmission towers, windmills, chimneys, smokestacks, flagpoles, radio and television towers, masts and aerials; to parapet walls extending not more than four (4) feet above the limiting height of the building.

13.02.03 PLACES OF PUBLIC ASSEMBLY

Places of public assembly in churches, schools, and other permitted public and semi-public buildings, provided that these are located on the first floor of such buildings and provided that for each three (3) feet by which the height of such buildings exceeds the maximum height otherwise permitted in the district, its size and rear yards shall be increased in width or depth by an additional foot over the side and rear yards required for the highest building otherwise permitted in the zone.

13.02.04 STRUCTURES

Belfries, chimneys, flagpoles, flues, monuments, radio and television towers, antenna or aerials, spires, tanks, air conditioning units or similar roof structures and mechanical appurtenances. No such roof structure, however, shall have a total area greater than twenty-five (25) per cent of the roof area; nor shall such structure be used for any purpose other than a use incidental to the main use of the building.
13.03  FRONTAGE AND YARD MODIFICATIONS

13.03.01  BUILDINGS ON THROUGH LOTS
Buildings on through lots shall conform to the front yard requirements for each street. In case of reversed frontage an accessory building shall not extend beyond the setback line of the rear street.

13.03.02  FRONTAGE MODIFICATION
In the case of curvilinear streets and cul-de-sacs, the Planning Commission may authorize a reduction of the otherwise specified frontage or lot width in Residential zones along the front property line, provided that:
(a) the lot width at the building line shall equal the frontage or lot width required in the zone where located;
(b) the front lot line shall not be less than sixty (60) feet in any event; and
(c) such reduction of frontage shall not result in a reduction of the required lot area.

13.03.03  AVERAGE DEPTH OF FRONT YARDS
In any Residential Zone, where the average depth of at least two (2) existing front yards on lots within one hundred (100) feet of the lot in question, and within the same block front is less or greater than the least front yard depth prescribed elsewhere in this Code, the required depth of the front yard on such lot shall be modified. In such case, this shall not be less than the average depth of said existing front yards on the two (2) lots immediately adjoining, or, in the case of a corner lot, the depth of the front yard on the lot immediately adjoining; provided, however, that the depth of a front yard on any lot shall be at least ten (10) feet and need not exceed fifty (50) feet.

13.03.04  REAR AND SIDE YARDS - HOW COMPUTED
In computing the depths of a rear yard or the width of a side yard, where the rear or side yard abuts an alley, one-half (1/2) of the width of the alley may be included as a portion of the required rear or side yard, as the case may be.

13.03.05  SIDE YARD MODIFICATIONS
A  SIDE YARD INCREASED
Each side yard, where required, shall be increased in width by one (1) inch for each foot by which the length of the side wall of the building, adjacent to the side yard, exceeds fifty (50) feet.

B  SIDE YARD VARIED-WALL NOT PARALLEL
Side yard width may be varied where the side wall of a building is not parallel with the side lot line or is
broken or otherwise irregular. In such case the average width of
the side yard shall not be less than the otherwise required least
width; provided, however, that such side yard shall not be narrower
at any point than one-half (1/2) of the otherwise required least
width or narrower than three (3) feet in any case.

C SIDE YARD - CORNER LOT
A side yard along the minor street lot line of a corner lot in any
zone, shall have a depth fronting the side street of not less than
one-half (1/2) the depth of the front yard required for the zone in
which the corner lot is situated.

13.04 PROJECTION OF ARCHITECTURAL FEATURES
Certain architectural features may project into required yards or
courts as follows:

13.04.01 BELT COURSES, STILLS AND LINTELS
Belt courses, sills and lintels may project six (6) inches into
front, rear and side yards.

13.04.02 CORNICES, EAVES AND GUTTERS
Cornices, eaves and gutters may project three (3) feet into front and
side setback space, and five (5) feet into rear yards.

13.04.03 BAY WINDOWS
Any bay window, entrance, vestibule or balcony, ten (10) feet or less
in width, may project not more than three (3) feet into front and
rear yards.

13.04.04 FENCES
Fences, up to six (6) feet in height, may be erected along the rear
boundary, side boundary (from building line to rear boundary only)
and front building line of a lot, and such fences shall not be deemed
"structures" or "obstructions" for the purposes of this Code.

13.04.05 STEPS, STOOPS AND PORCHES
Steps and uncovered stoops may extend into any minimum front or rear
yard not more than nine (9) feet. On a corner lot having a minimum
side yard twenty-five (25) feet or more in width, steps and open
uncovered stoops, and porches may extend into such minimum side yard
not more than nine (9) feet; but there shall be no encroachment upon
the minimum side yard of a corner lot when such yard is less than
twenty-five (25) feet in width, nor shall any other minimum side
yard be encroached upon by such extensions. Enclosing or roofing of
steps and open uncovered stoops, porches and outside open stairways
which extend into the minimum required yards is prohibited.

13.04.06 FIRE ESCAPES
Fire escapes may project not more than five (5) feet into front,
side or rear yards.
13.04.07 CHIMNEYS
Chimneys in any Residential Zone may project not more than eighteen (18) inches into a front, side or rear yard. Chimneys used as walls shall not be allowed to project into any yard.

13.04.08 BUILDING ACCESSORIES
Building accessories designed and intended to control light entering a building and being a permanent part of such building may project five (5) feet into front yard, ten (10) feet into rear yard and three (3) feet into side yard.

13.04.09 AWNINGS, STORM DOORS, ETC.
Building accessories designed and intended to control light entering a building and not being a permanent part of such building, such as summer awnings and winter storm doors and windows, may project five (5) feet into the front yard, ten (10) feet into the rear yard, and three (3) feet into the side yard.

13.04.10 CARPORTS
An open carport without a supporting structural wall or a screen wall, over sixty (60) inches in height, may project into the minimum yards as follows:
(1) Front yard—three (3) feet
(2) Side yard
   (a) To a point not less than twice the minimum side yard requirement from the main building on the adjoining lot, or
   (b) A depth of three (3) feet.
In no event, shall the remaining side yard be less than three (3) feet.
14.01 INTENT

Within the zones established by the Zoning Code or amendments that may later be adopted there exist
(a) Lots,
(b) Structures,
(c) Uses of land and structures
(d) Characteristics of use
which were lawful before this Code was passed or amended, but which would be prohibited, regulated or restricted under the terms of this Code or future amendment. It is the intent of this Code to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further that the intent of this Zoning Code that any enlargement, expansion or structural alteration of non-conformities after the effective date of this ordinance shall be limited and that non-conformities shall not be used as grounds for adding other structures or uses prohibited elsewhere in the same zone.

Non-conforming uses are declared by this Zoning Code to be incompatible with permitted uses in the zones involved; however, non-conforming uses and structures will be permitted to remain. The purpose of regulating them is to restrict further investment in non-conformities which are inappropriate to their location.

To avoid undue hardship, nothing in this Code shall be deemed to require a change in the plans, construction or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this Code and upon which actual building construction has been carried diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation or demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation or demolition or removal shall be deemed to be actual construction, provided that work shall be carried on diligently.

14.02A NON-CONFORMING LOTS OF RECORD

In any zone permitting single family dwellings, a single family dwelling may be erected on a lot notwithstanding other provisions of the Zoning Code. The lot must have fifty (50) feet of frontage. This provision applies even though the lot does not meet area or width requirements of the Zone. The lot must conform to all other yard and dimension requirements.

Variance of yard requirements shall be obtained only through action of the Zoning Board of Appeal.

14.02B NON-CONFORMING PARCEL OF LAND WITH STRUCTURES

In any zone where there may have been structures built on parcels of land not in conformance with these regulations, it is in the best interest of this Code to attempt to mitigate the irregularities. For this purpose the Commission may accept a recommendation from the Planning Director for a rearrangement of the parcel which will eliminate as many non-conforming features
as circumstances permit. No new structures shall be
authorized by the parcel rearrangement nor shall
violations of previous Zoning Code requirements or
Subdivision Regulations as they existed prior to
December 1, 1984 be excused. The Commission shall
recognize that there may be circumstances for which
there is no mitigating arrangements possible.

revised 12/15/84 addition 12/15/84

14.03 NON-CONFORMING USES OF LAND (OR LAND WITH MINOR STRUCTURES
ONLY)
Where at the time of passage of this Code lawful use of land
exists which would not be permitted by the regulations
imposed by the Zoning Code, and where such use involves no
individual structure with a replacement cost exceeding one
thousand ($1,000) dollars, the use may be continued so
long as it remains otherwise lawful, provided:

14.03.01 EXPANSION
No such non-conforming use shall be enlarged or increased, nor
extended to occupy a greater area of land than was occupied at
the effective date of adoption or amendment of this Code,
except with the approval of the Commission;

14.03.02 MOVING
No such non-conforming use shall be moved in whole or in
part to any portion of the lot or parcel other than that
occupied by such use at the effective date of adoption or
amendment of this Code; except with the approval of the
Commission;

14.03.03 DISCONTINUANCE
If any such non-conforming use of land ceases for any
reason for a period of more than one (1) year, any sub-
sequent use of such land shall conform to the regulations
specified by the Zoning Code for the zone in which such
land is located except use destroyed by fire or natural
causes which may be rebuilt within a one (1) year time
period.

14.03.04 ADDITIONS
No additional structure not conforming to the requirements
of the Zoning Code shall be erected in connection with such
non-conforming use of land, except with the approval of the
Commission.

14.04 NON-CONFORMING USES OF STRUCTURES OR OF STRUCTURES AND
PREMISES IN COMBINATION
If lawful use involving individual structures with a replacement
cost of one thousand ($1,000) dollars or more, or of structure
and premises in combination, exists at the effective date of
adoption or amendment of this Code that would not be allowed
in the zone under the terms of this Code, the lawful use may
be continued so long as it remains otherwise lawful, including
subsequent sales of the property, subject to the following
provisions:

14.04.01 EXPANSION
If any existing structure devoted to a use not permitted by
this Code in the zone in which it is located is proposed to
be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of the structure to a use permitted in the zone in which it is located, then such enlargement, extension, construction, reconstruction, move or structural alteration shall be approved by the Commission as specified in Section 14.07 of this Code.

14.04.02 LIMITATION
Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this Code, but no such use shall be extended to occupy any land outside such building, except with the approval of the Commission.

No expansion of a non-conforming structure or site shall be permitted except with the approval of the Commission.

14.04.03 CHANGE OF USE
Legally established uses that have become non-conforming by subsequent changes of the Zoning Regulations may continue and a use may be substituted for by a similar use from time to time. In the event of any disagreement of the similarity of proposed inter-change uses the Commission shall determine the suitability of the proposed substitute use.

14.04.04 CHANGE TO A CONFORMING USE
Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulations for the zone, and the non-conforming use may not thereafter be resumed;

14.04.05 DISCONTINUANCE
When a non-conforming use of a structure, or structure and premises in combination, is discontinued or abandoned for twelve (12) months or for eighteen (18) months during any three (3) year period (except when government action impedes access to the premises), the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the zone in which it is located.
RESTORATION
Where non-conforming use status applies to a structure or to a structure and premises in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land;

MOVING
No non-conforming structure or structure and premises in combination shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this Code, except with the approval of the Commission.

REPAIRS AND MAINTENANCE
On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing, of the non-conforming structure or non-conforming portion of the structure as the case may be, provided that such is approved by the Commission.

If a non-conforming structure or portion of a structure containing a non-conforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and is declared by any duly authorized official to be unsafe or unlawful by reason of physical condition, it shall not thereafter be restored, repaired or rebuilt except in conformity with the regulations of the zone in which it is located.

Nothing in the Zoning Code shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official; however, such structural alteration shall in all cases be approved by the Commission.

USES UNDER SPECIAL EXCEPTION PROVISIONS NOT NON-CONFORMING USES
Any use which is permitted as a special exception in a zone under the terms of this code shall not be deemed a non-conforming use in such a district, but shall without further action be considered a conforming use.

CHANGE OF NON-CONFORMING USE CERTIFICATE

REQUEST FOR CHANGE OF NON-CONFORMING USE

Applications for the grant of Change of Non-Conforming uses shall be filed with the Commission on forms provided therefor. The applicant shall submit plans and other data required in Section 14.07.02.

SUBMISSION REQUIREMENTS

Each application for Change of Non-Conforming Use shall be submitted to the Commission at least ten (10) days prior to the regularly scheduled meeting of the Commission and shall be accompanied by such fee as required to cover the cost of advertising and sending notices in connection with the application, if required. The applicant shall furnish as part of such application the following:

Site Plan: Four (4) copies at a scale of 1"=40'
including the following data:

A. Property boundaries and size of property;
B. Names of abutting property owners;
C. Location of existing structure(s) and location of proposed expansion, if any;
D. Driveway entrances and exits;
E. Location and size of parking spaces;
F. Location and size of loading spaces;
G. Building elevations and preliminary drawings showing the general type of building proposed for construction;
H. Any other information as may be requested by the Commission.

J. Location of site plan of Zoning Application Sign as required under Section 48.03.05.

In addition, the applicant shall provide a written statement with the following information:

A. The existing and proposed usage of the non-conforming structure and premises;
B. Dimensions of existing building and proposed expansion;
C. Age, exterior materials and general condition of existing structure;
D. Such other information as may be requested by the Commission.

PUBLIC HEARINGS

In cases where the proposed expansion of a non-conformity does not exceed twenty-five (25) percent of its cubic volume, at the effective date of this ordinance, the Commission shall not hold a public hearing on the matter unless, in its judgement, the specific circumstances require such action. Any proposed application for an expansion of a non-confirming use in excess of twenty-five (25) percent of its cubic volume, shall be heard at a public hearing.
COMMISSION ACTION
The Commission shall act on the final plan in accordance with the time limitation specified in the General Statutes.

VIOLATION OF CHANGE OF NON-CONFORMING USE CERTIFICATES
Whenever the Commission shall find, in the case of any Change of Non-Conforming Use granted pursuant to the provisions of this section, that any of the terms, conditions, or restrictions upon which such permit was granted are not being complied with, the Commission may rescind and revoke such permit after giving due notice to all parties concerned. Violation of a Change of Non-Conforming Use shall constitute a violation of the Zoning Code.

GENERAL STANDARDS FOR CHANGE OF NON-CONFORMING USE
A Change of Non-Conforming Use Certificate may be granted when the Commission makes determinations on:

CHARACTER OF IMMEDIATE AREA
The proposed expansion will not weaken nearby permitted uses, endanger property values, strengthen other nearby non-conformities, or in any way result in conflict with the immediate area; and

ADVERSE EFFECTS
The proposed change will not affect adversely the health and safety of residents or workers in the area and will not be detrimental to the use or development of adjacent properties or the general neighborhood; and

TRAFFIC MOVEMENT
The proposed change will not impair the movement of through traffic along the adjoining thoroughfare through congestion and reduction of street capacities or through storage or backup of vehicles in the public right-of-way while awaiting service on the subject site; and

ORDERLY DEVELOPMENT
The proposed change will not result in a fragmentation of the development pattern, thereby creating unnecessary additional points of vehicular conflict with the adjoining highway and adversely affecting the orderly development of surrounding neighborhoods; and

PROPERTY VALUES AND CHARACTER
The proposed change will not tend to depreciate property values and character and extent of development of adjoining properties; and
14.07.06.06

PARKING AND LOADING

The proposed change will provide off-street parking and loading facilities in accordance with Section 40 of the Zoning Code; and

14.07.06.07

SIGNS

The proposed change will not result in additional non-conforming signs intended to be seen from off the premises; and

14.07.06.08

ADDITIONAL LAND

The proposed change will not occupy land or premises not occupied at the effective date of adoption or amendment of this Code by the non-conformity; and

14.07.06.09

BUFFERING

The proposed change will not result in any loss of buffering between the subject non-conforming property and lawful adjacent uses.
15.01 GENERAL REQUIREMENTS
No land or structures in any zone shall be used or occupied in any manner so as to create any dangerous, injurious, noxious, or otherwise objectionable fire, explosive, or other hazard; noise or vibration, smoke, dust, odor or other form of air pollution; heat, cold, dampness, electrical or other substance, condition or element; in such a manner or in such quantities and of such characteristics and duration as to be, or likely to be, injurious to public welfare, to the health of human, plant or animal life or to property in the adjoining premises or surrounding area (referred to herein as "dangerous or objectionable elements") provided that any use permitted or not prohibited by this Code may be established and maintained provided it conforms to the provisions of this section.

15.02 EXISTING NON-CONFORMING AND NEW USES

15.02.01 PERFORMANCE STANDARDS - REVIEW
Whenever it is alleged that a use of land or structure creates or is likely to create or otherwise produce dangerous or objectionable elements, the Commission shall make a preliminary investigation of the matter. In the event that the Commission concurs in the allegation that there exists or are likely to be created such dangerous or objectionable elements it shall request the Common Council to authorize the employment of a competent specialist or testing laboratory for the purpose of determining the nature and extent of said dangerous or objectionable elements and of practicable means of remedying such condition.

15.02.02 LOCATION WHERE DETERMINATIONS ARE TO BE MADE FOR ENFORCEMENT OF PERFORMANCE STANDARDS
The determination of the existence of any dangerous and objectionable elements shall be made at the location of the use creating the same and at any points where the existence of such element may be more apparent; provided, however, that the measurements necessary for enforcement of performance standards shall be taken, in any industrial zone at the boundary or boundaries of such zone, or at any point within an adjacent Residential Zone.

15.02.03 ENFORCEMENT
Upon receipt of the findings and recommendations of such specialist or laboratory the Commission may approve, partially approve or disapprove the measure recommended therein and instruct the enforcement official to proceed with the enforcement of said measures in accordance with the provisions of this Code.

15.02.04 COST OF INVESTIGATION, etc.
The City shall bear the costs of various tests, consultant fees or other investigations which are required herein, provided that the owner of the property under investigation
shall reimburse the City for all such expenses in the event that operation or use of said property is found to be in violation of the provisions of this section by the Commission, or, if contested, by a court of competent jurisdiction. Such reimbursement shall be made within ninety (90) days from the date of the final Commission ruling or court judgement.

15.02.05 CONTINUOUS COMPLIANCE
Any use authorized under the provisions of this Section shall comply continually therewith and shall remedy any additional dangerous or objectionable elements which may develop in the course of its operation.

15.03 NEW USES
In addition to the standards herein above stated, every use permitted from the effective date of this Section, unless expressly exempted by this Code, shall be operated in its entirety within a completely enclosed structure or a completely enclosed fence except residential uses and shall comply with the following provisions:

15.03.01 A solid wall, cyclone-type fence or uniformly painted fence or fire-resistant material with a minimum of five (5) feet and maximum of eight (8) feet finished grade (or above roof level or on a roof.)

15.03.02 Required walls or fences shall not encroach into front yard but shall be located no closer to the front lot line than the front building line.

15.03.04 Such buffer strips, shrubs, trees, walls or fences shall be maintained in good condition at all times.

15.03.05 The exemption of a use from this requirement of enclosure will be indicated by the phrase "need not be enclosed" appearing after any use exempted.

15.03.06 No parking of vehicles shall be allowed within five (5) feet of the front line except in industrial zones only.
SECTION 16 DEFINITIONS

16.00 DEFINITIONS
For the purposes of this Code, certain terms or words used herein shall be interpreted in accordance with this section, unless the context clearly indicates a contrary intent. Unless the context otherwise requires, the following definitions shall be used in the interpretation and construction of the Code. Words used in the present tense shall include the future; the singular number shall include the plural, and the plural the singular; the word "building" shall include the word "structure"; the word "used" shall include "arranged, designed, constructed, altered, converted, rented, leased" or "intended to be used" and the word "shall" is mandatory and not directory; the word "may" is permissive; and the word "lot" includes the words "plot" or "Parcel".

LOT LINES, REAR
The lot line opposite and most distant from the front lot line.
16.12.09 LOT LINE SIDE
Any lot line other than front or rear lot line. A side lot line separating a lot from a street is called a side street lot line. A side lot line separating a lot from another lot or lots is called an interior side lot line.

16.12.10 LOT LINE, STREET OR ALLEY
A lot line separating the lot from a street or alley.

16.12.11 LOT WIDTH
The mean width of the lot measured at right angles to its depth at the public street frontage.

16.12.12 LOT AREA
The computed area contained within the lot lines.

16.12.13 LOT AREA per DWELLING UNIT
That portion of the lot area required for each dwelling unit located on a lot.

16.12.14 LOT, THROUGH
A lot having frontage on two parallel or approximately parallel streets.

16.12.15 LOT, REAR
A parcel of land generally located in back of lots with required street frontage and meeting all the specific requirements set forth elsewhere in this Code. (Revision effective 7/1/86.)

16.13 "M"

16.13.01 MINERAL
Any chemical compound occurring naturally as a product of inorganic processes.

16.13.02 MEDICAL CLINIC BUILDING
An establishment where patients are accepted for special study and treatment by a group of physicians practicing medicine together.

16.13.03 MOTEL OR MOTOR HOTEL
A series of attached, semi-attached or detached sleeping or living units, for the accommodation of automobile transient guests not including cooking or kitchen facilities, said units having convenient access to off-street parking spaces, for the exclusive use or the guests or occupants.

16.14 "N"

16.14.01 NON-CONFORMING USE
A building, structure or premises legally existing and/or used at the time of adoption of this Code, or any amendment thereto, and which does not conform with the use regulations of the district in which located. Any such building, structure, premises conforming in respect to use but not in respect to height, area, yards or courts, or distance requirements from more restricted districts or uses, shall not be considered a non-conforming use.
16.15 "O"

16.15.01 OUTLOT
A parcel of land which has not been included on a recorded plat as a numbered lot due to insufficient size or frontage, poor topography, lack of accessibility or other comparable reasons. No building or structure shall be construed on an outlot so long as such conditions exist.

see also useable open space.

16.16 "P"

16.16.01 PARKING AREA, PRIVATE
An open area for the same uses as a private garage.

16.16.02 PARKING LOT, COMMERCIAL
A lot or portion thereof, other than an automobile sales lot, held out or used for the storage or parking of six (6) or more motor vehicles for a consideration, where service or repair facilities are not permitted. Such parking lot shall not be considered an accessory use; nor shall it be used for the storage of dismantled or wrecked motor vehicles, parts thereof, or junk.

16.16.03 PARKING AREA: PUBLIC
An open area, other than a street or other public way used for the parking of automobiles and available to the public whether for a fee, free, or as an accomodation for clients or customers.

16.16.04 PARKING SPACE
A permanently established area either within a structure or in the open, exclusive of driveways, designated for parking of motor vehicles.

16.16.05 PERCENTAGE OF LOT COVERAGE
The percentage of "lot area" which may be covered by buildings, including covered porches and accessory buildings.

16.16.06 PERFORMANCE, STANDARD
A criterion established in the interest of protecting the public health and safety for the control of noise, odor, smoke, noxious gases and other objectionable or dangerous elements generated by and inherent in or incidental to land uses.

* Modification of lot sizes and uses in the R-1 Zones.

1) New lots along existing City streets and new streets may be approved by the Commission to have substantially similar frontage and areas as existing lots within 1,000 feet if those lots were established prior to 1982, if the new lots have both City water and sewer or City sewer and a separate City approved private water supply for each new lot, provided that (4) no new lot shall have a frontage of less than fifty (50) feet nor an area of less than seven thousand five hundred (7500) square feet, and (8) in the case of new lots having City Sewer and a private water supply, the City Health Department shall approve the location of the private water supply on each lot prior to final subdivision approval. (Effective 4/30/87)
2) The Commission may approve a two (2) family dwelling on a lot of record as a Special Exception. (See Section 44.08.28) (Effective 10/20/86)

** See individual lot size variation under water & sewerage requirements

21.03 Lot Coverage. The ground covered by the principal structure and its accessory buildings or structure shall not be greater than twenty-five (25) per cent of the lot area.

21.04 Off-Street Parking. Off street parking spaces and related provisions shall be in accordance with Section 40.

**21.05 Water and Sewerage Requirements
All new subdivisions of lots shall be served by city water and sewer unless specifically excluded herein after. Lots in the R-4 and R-R zones may have uses served by on site well and septic systems if the Department of Health certifies, at the time the lots are authorized by the Commission, that the soil of the lots is suitable for on site water and sewer facilities. However, at the discretion of the Commission, lots in the R-3 zone may be established without city water and sewer availability provided they meet the size criteria and on site water & sewer criteria for lots in the R-4 zone.

NOTE: Rear Lots are a Special Exception use unless included as part of a new subdivision (See Section 44.08.27)

21.06 Subdivision of Land
The requirements for the subdivision of land on a lot-by-lot basis applies to all zones, however, there is an option available for subdividing land for single family units in the R-3, R-4 and RR zones. See Subdivision Regulations, Section 04.05 Designer Environmental Subdivision. Effective 3/24/83.
Section 22 M ZONE

Section 22.00 Multi-Family Dwelling Units zone.
Uses in these zones are limited to those shown in the Use Schedule, Section 60. The geographic locations of the zones are shown on the official zoning map.

22.01 Height
The maximum height of a structure in these zones shall be 8 stories which shall not exceed 100 feet.

22.02 Minimum Lot Sizes shall be in accordance with the number of bedrooms per unit in a proposed project as shown below:

one or no bedrooms: 4356 Sq. Ft./Unit (10 units/acre)
2 bedrooms : 5445 Sq. Ft./Unit (8 units/acre)
3 or more bedrooms : 7260 Sq. Ft./Unit (6 units/acre)

The minimum lot frontage shall be 75 feet.

22.03 Yards
Front yard setback 25 feet; Other yards: one foot for each foot of wall height except that no yard shall be less than 10 feet. (Revision effective 7/1/86.)

22.04 Lot Coverage
The ground covered by the principal structures, accessory buildings and all paving shall not be greater than 50 percent of the lot area. (Revision effective 7/1/86.)

22.05 Off-Street Parking
Off-street parking spaces and related provisions shall be in accordance with Section 40. (Revision effective 7/1/86.)
Section 23 MX Zone

Section 23.00 Mixed Use Zone
Multi-Family and Miscellaneous Uses as shown in the Use Schedule, Section 60. The geographic locations of the zones are shown on the official zoning map.

23.01 Lot Sizes
Multi-Family Uses proposals shall comply with the requirements of the M zones.

Other uses, authorized in the Use Schedule, shall comply with the requirements in the Special Exception Provisions or as below, whichever is most restrictive.

Lot Frontage (minimum) 75 feet
Lot Area (minimum) 10,000 sq. ft.

23.02 Yards
Front yard setback 25 feet; Other yards: one foot for each foot of wall height except that no yard shall be less than 10 feet.

23.03 Height
Maximum height of a structure in this zone, unless specifically permitted elsewhere herein, shall be three stories or thirty-six feet.

23.04 Lot Coverage
The ground covered by the principal structure and its accessory building shall not be greater than 30 percent of the lot area.

23.05 Off-Street Parking
Off-street parking spaces and related provisions shall be in accordance with Section 40.

Section 24 P.R.D. Planned Residential Development Projects
Presently designated P.R.D.'s (see Zoning Code item 12.07) may be completed in accordance to previously filed plans of development except that subsequently adopted environmentally sensitive area regulations (wetlands) and requirements and limitations related to public safety and health shall be adhered to.
SECTION 25  INTERSTATE TRADE ZONE

25.00 DESCRIPTION OF ZONE
The zone is designated for development of certain industrial and business uses in close proximity to the Interstate Highway.

25.01 USES
Permitted uses are those indicated in Section 61 of this Code.

25.02 HEIGHT
Maximum height of structure shall not exceed fifty feet in height except office buildings and conference center complexes which may be up to six (6) stories in height. Other height modifications are noted in Section 13.02. (Effective 8/1/84.)

25.03 LOT AREA, WIDTH, AND YARD REQUIREMENTS
The following minimum requirements shall apply:

(Eff. 9/15/85)

25.04 LOT COVERAGE
Each main building or structure hereafter erected, together with its accessory buildings or structures, shall not cover more than forty (40) per cent of the net lot area.

25.06 PERIMETER BUFFER AREA
Whenever a lot in this zone adjoins a lot in a residential zone, there shall be a sixty (60) foot buffer in addition to the required yard or yards, and a buffer strip, as provided in subsection 12.08 of this Code.

25.07 INTERIOR BUFFER AREA
Within this zone, a buffer area shall be left between contiguous sites. The buffer shall take maximum advantage of existing natural topographical features and existing planting. Where these characteristics do not exist provision for screen planting shall be included in site development proposals.

SECTION 26  PL  PARK LAND

26.00 DESCRIPTION OF ZONE
All uses of Park Land to be controlled by the Park and Recreation Department provided that no alterations shall be made to land involving flood plain areas or streambelts without approval of the Planning and Zoning Commission.

SECTION 27  NONE
SECTION 28 RESEARCH, DEVELOPMENT, AND TECHNOLOGY ZONE

28:00 DESCRIPTION OF ZONE
The zone is designed for research, development and technology office, laboratory, testing and manufacturing facilities in a campus setting. The zone will provide a gradual transition from residential and recreational areas, and will preserve the natural features of the area.

28:01 USES
Permitted uses are those indicated in Section 61 of this Code.

28:02 HEIGHT
The maximum height shall not exceed thirty-five (35) feet, unless it sets back from each street and lot line, in addition to yard requirements, two (2) feet for each one (1) foot of excess height; but in no case shall it exceed fifty (50) feet in height, except as provided in Section 13.02, (Height Modifications) and for office buildings which will be permitted up to six (6) stories in height.

28.03 LOT AREA, WIDTH AND YARD REQUIREMENTS

28:05 OFF-STREET PARKING AND OFF-STREET LOADING REQUIREMENTS
Off-street parking and off-street loading shall be provided in connection with any use in this zone in accordance with the provisions of Section 40.

28:06 INTERIOR BUFFER AREA
Within the industrial Zone a buffer area shall be left between the contiguous sites. The buffer shall take maximum advantage of existing natural topographical features and existing planting. Where these characteristics do not exist provision for screen planting shall be included in site development proposals.

Added Effective 8/1/86
SECTION 33  B-2 GENERAL BUSINESS ZONE

33.00 DESCRIPTION OF ZONE
This zone is composed of certain land along the main highways. This zone comprises certain land and structures used not only to provide the residents of this community with retailing and personal services, but to extend these services to the surrounding rural areas. Accordingly, these regulations are designed to permit retail development, limited by standards designed to protect the abutting or surrounding residential zones. To these ends, the regulations establish standards retaining such intensity of use and concentration of vehicles as is compatible with the function of this zone.

33.01 USES
No land shall be used or occupied and no structure shall be erected, constructed, reconstructed, altered or used, except for any use which is indicated in the B-2 column of the Use Schedule, Section 61 of this Zoning Code, and shall be subject to such provisions as referred to in that column.

33.02 HEIGHT
The maximum height in the B-2 zone shall not exceed three and one-half (3 1/2) stories.

33.03 LOT AREA, WIDTH AND YARD REQUIREMENTS
The following minimum requirements shall apply:

<table>

</tbody>
</table>

(Effective 9/15/85)

33.04 LOT COVERAGE
Each main building or structure hereafter erected, together with its accessory buildings or structures, shall not cover more than thirty (30%) of the net lot area.

33.05 OFF-STREET PARKING AND OFF-STREET LOADING REQUIREMENTS
Off-street parking and off-street loading shall be provided in connection with any use in this zone in accordance with the provisions of Section 40.

Footnote #1 No frontage is required for a parcel of land in a shopping center provided that access via an easement of not less than (30) thirty feet is available from a public street with a traffic light at the shopping center entrance. No other access shall be regularly used.
SECTION 34  INTERSTATE OFFICE PARK ZONE (IOP ZONE)

34.00 DESCRIPTION OF ZONE
The zone is designed for the development of business and professional offices along the existing interstate corridor in a park or campus type setting as a gradual transition from residential areas with the retention of open spaces and the preservation of natural features of the area.

34.01 USES
Business and professional offices. Business uses shall include, but not be limited to, any occupation or trade primarily of a clerical nature such as insurance company, corporate offices or sales offices, but shall not include commercial activities such as the manufacturing or assembling of ware.

34.02 ACCESSORY USES
In addition to the permitted uses set forth in SECTION 34.01, uses customarily incidental to the main or principal building or land use shall be permitted, including accessory uses for the convenience of employees within such buildings, such as, but not limited to, cafeterias and like facilities designed to serve only the occupants of the buildings in the zone. Conference and meeting facilities, data processing and storage shall be included within the definition of accessory uses.

34.03 HEIGHT AND AREA REQUIREMENTS
Minimum Lot Area: 6 Acres
Minimum Lot Width: 200 Feet
Minimum Front Yard: 50 Feet
Minimum Side Yard: Minimum side yard 75 feet
50 feet which shall be landscaped
25 feet adjacent to a building may be used for parking or driveway if necessary (Effective 9/15/85)
Minimum Rear Yard: 50 feet, except that any rear yard abutting any portion of Interstate I-91 or land owned by the State of Connecticut as part of Interstate I-91 may be reduced to a minimum of 10 feet, and any rear yard abutting a residential zone shall be increased to a minimum of 75 feet.

Maximum Lot Coverage: 20%
Maximum Building Height: 3 Stories

34.34 LANDSCAPING
The purpose of landscaping requirements is to protect and preserve property values through the preservation of existing vegetation and planting of new materials to provide privacy from visual intrusion, light, dirt and noise, and to prevent the erosion of soil.
34.04.01 LANDSCAPED AREAS
Landscape areas shall consist of open spaces and shall be maintained in lawn, natural ground cover, plantings and trees and may include walks and drives from a street.

34.04.02 FRONT YARDS
At least 25 feet of the front yard of each lot in the zone shall be landscaped with no less than one and one half inches (1 1/2) to two (2) inch caliper shade tree for each 50 feet of street frontage.

34.04.04 PARKING LOTS
Parking lots for more than 10 cars shall contain landscaped areas equal to at least ten per cent (10%) of the gross parking area with one and one half (1 1/2) inch to two (2) inch caliper shade tree for each 15 parking spaces.

34.04.04 LANDSCAPED BUFFER
No fewer than two (2) rows of suitable evergreens of one and one half (1 1/2) inch to two (2) inch caliper shall be planted 15 feet apart, staggered in adjoining rows, to provide a visual barrier wherever a lot in this zone adjoins a lot in an R-1 Residential Zone. Where appropriate in the judgement of the Commission, walls and fences may be used in lieu of new plantings. No pedestrian or vehicular access shall be permitted through a landscape buffer area.

34.04.05 EXISTING VEGETATION
Existing vegetation, plant material and trees may be used to meet all or part of the landscape requirements, and existing trees in good condition over twelve (12) inches caliper shall be preserved whenever it is practical to do so.

34.05 OFF-STREET PARKING AND OFF-STREET LOADING REQUIREMENTS
Off-street parking and off-street loading shall be provided in connection with any use in this zone in accordance with the provisions of SECTION 40.

34.06 SIGNS
Identifying graphics or signs shall be limited to one (1) per building, not more than two hundred (200) square feet in area, and subject to all other criteria in SECTION 48 of this Code. No roof graphics or signs are permitted.
SECTION 35  I-1 SERVICE-INDUSTRIAL ZONE

35.00 DESCRIPTION OF ZONE
The zone is composed of certain lands located along major thoroughfares and railroad rights-of-way and adjoining existing residential and commercial areas. Because of the close proximity of well established industrial uses in this zone to non-industrial uses, proximity of well established industrial uses in this zone to non-industrial uses, flexibility must be provided to allow such industrial uses to operate with limited restraint while protecting other nearby uses. This zone will provide areas for mixed commercial-industrial uses with the emphasis on industrial uses such as manufacturing, warehousing, building material yards, building agricultural and automobile sales and service, etc.

35.01 USES
No land shall be used or occupied and no structure shall be erected, constructed, reconstructed, altered or used except for any use which is indicated in the I-1 column of the Use Schedule, Section 61 of this Zoning Code, and shall be subject to such provisions as referred to in that column.

35.02 HEIGHT
The maximum height shall not exceed fifty (50) feet except as provided in Section 13.02 (Height Modifications.)

35.03 LOT AREA, WIDTH AND YARD REQUIREMENTS
The following minimum requirements shall apply:

</tbody>
</table>

(Effective 9/15/85)

35.04 LOT COVERAGE
Each main building or structure hereafter erected, together with its accessory buildings or structures, shall not cover more than fifty (50) percent of the net lot area, except that one hundred (100) percent may be covered provided that the required off-street parking and off-street loading is available.

35.05 OFF-STREET PARKING AND OFF-STREET LOADING REQUIREMENTS
Off-street parking and off-street loading shall be provided in connection with any use in this zone in accordance with the provisions of Section 40.
SECTION 36  I-2 RESTRICTED INDUSTRIAL ZONE

36.00 DESCRIPTION OF ZONE
The zone is composed of certain lands so situated as to be suitable for industrial development.

36.01 USES
No land shall be used or occupied and no structure shall be erected, constructed, reconstructed, altered, or used, except for any use which is indicated in the I-2 column of the Use Schedule, Section 61 of this Zoning Code, and shall be subject to such provisions as referred to in that column.

36.02 HEIGHT
The maximum height shall not exceed thirty-five (35) feet, unless it sets back from each street and lot line, in addition to yard requirements, two (2) feet for each one (1) foot of excess height; but in no case shall it exceed fifty (50) feet in height, except as provided in Section 13.02, (Height Modifications) and for office buildings which will be permitted up to six (6) stories in height.

36.03 LOT AREA, WIDTH AND YARD REQUIREMENTS

36.04 LOT COVERAGE
Each main building or structure hereafter erected, together with its accessory buildings or structures, shall not cover more than forty (40) percent of the net lot area.

36.05 OFF-STREET PARKING AND OFF-STREET LOADING REQUIREMENTS
Off-street parking and off-street loading shall be provided in connection with any use in this zone in accordance with the provisions of Section 40.

36.06 INTERIOR BUFFER AREA
Within the Industrial Zone a buffer area shall be left between the contiguous sites. The buffer shall take maximum advantage of existing natural topographical features and existing planting. Where these characteristics do not exist provision for screen planting shall be included in site development proposals.
37.00 DESCRIPTION OF ZONE
The zone is composed of large parcels of land in the Maromas area which have been used for special industrial purposes. Accordingly, the use of the land is mostly regulated by "performance standards."

37.01 USES
No land shall be used or occupied and no structure shall be erected, constructed, reconstructed, altered or used, except for any use which is indicated in the I-3 column of the Use Schedule, Section 61 of this Zoning Code, and shall be subject to such provisions as referred to in that column.

37.02 HEIGHT
The maximum height shall not exceed fifty (50) feet, except as provided in Section 13.02 (Height Modifications).

ARTICLE IV  SUPPLEMENTARY REGULATIONS

SECTION 40  OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

40.01 PURPOSE
The development and execution of a comprehensive Zoning Code are based upon the division of the City into zones, within which the use of land and structure and the bulk and location of structures in relation to the land are substantially uniform. It is recognized, however, that off-street parking and off-street loading requirements are necessary in order: to relieve congestion so that the street can be utilized more fully for the movement of vehicular traffic; and to promote the safety and convenience of pedestrians; and to protect adjoining residential areas; and to promote the objectives of the Plan of Development of the City.

40.02 GENERAL PROVISIONS FOR OFF-STREET PARKING AND OFF-STREET LOADING SPACE
No land shall be used, occupied, no structure shall be erected, constructed, reconstructed, altered, or used and no use shall be operated unless the off-street parking and/or loading space herein required is provided in at least the amount and maintained in the manner herein set forth; provided, however, that off-street parking and/or loading space need be neither provided nor maintained for land, structures or uses actually used, occupied and operated on the effective date, such land, structures or uses are enlarged, expanded, or altered so as to require a greater amount of off-street parking and/or loading space not required to be furnished by reason of the foregoing exclusion, in which event, the new land structures and new uses shall not be used, occupied or operated unless there is provided the required sum of off-parking and/or loading space required therein. Parking spaces reserved for handicapped persons shall be as near as possible to the building entrance or walkway.

40.03 DEVELOPMENT AND MAINTENANCE STANDARDS
Plans and design standards for areas to be used for off-street parking and/or loading space shall be in conformity with the following:

40.03.01 PARKING SPACE AREA
Automobile parking spaces shall not be less than nine (9) feet in width and eighteen (18) feet in depth, except in Industrial Zones where the width may be eight (8) feet. Special size and arranged parking spaces may be proposed for employees of land-users. In addition, there shall be provided adequate interior driveways and entrance and exit driveways to connect each public parking space with a public right-of-way. Parking spaces reserved for handicapped persons shall not be less than twelve (12) feet wide.
40.03.15 COVERED AREAS
All garages or other spaces allocated for parking of vehicles within buildings or in basements or open spaces on the roofs of buildings shall be considered part of the required parking or loading area and may be included as such in computing the quantity of space outlined in this section.

40.03.16 COMPUTATION OF EMPLOYEES
For the purpose of this section, the number of employees for a use, shall be computed on the basis of the employees on the larger shift.

40.03.17 OTHER USES
No parking area shall be used for the sale, repair, dismantling or servicing of any vehicles, equipment, materials or supplies.

40.03.18 SLOPE
Whenever possible, parking areas and lots shall be level except for necessary drainage purposes. The maximum permissible slope for any parking area shall be seven (7) percent. If parking spaces are provided in areas which exceed five (5) percent slope, all such spaces shall be parallel to the contour lines of the parking area.

40.04 QUANTITY OF PARKING SPACES
The quantity of parking spaces shall be in accordance with this Section. The number of parking spaces reserved for the handicapped shall be the number of accessible spaces required in the State Building Code. Special size and arranged parking spaces may be proposed for employees of land-users.

40.06.03 When one establishment has two or more distinct uses, such uses shall be measured separately for the purpose of determining the quantity of spaces required.

40.06.04 CONFERENCE CENTER COMPLEX
A Conference Center Complex shall require one (1) loading space. (Effective 8/1/84)
40.07 **DISCONTINUANCE**
Once any required parking or loading space has been established within the provisions of this section, whether on the same lot as the structure or use to which it is assigned or on a separate lot, such parking or loading space shall not be discontinued if the result would be a reduction below the amount of parking or loading required by this section. Any such discontinuance of a parking or loading space shall constitute a violation of this ordinance.

40.08 **APPEALS**
In any case where off-street parking or loading space has been provided in compliance with the standards of this section and subsequently there is a change in the use of the property, or any other circumstance requiring that additional parking or loading space be provided, whenever the Commission shall find that the provisions of such additional parking or loading space would result in pecuniary and exceptional practical difficulties to or undue hardship upon the owner of said property, the Commission may modify the requirement for such additional parking or loading, provided such relief can be granted without substantial impairment of the intent or purpose of this section.
44.01 PURPOSE
The development and execution of a comprehensive Zoning Code are based upon the division of the City into zones, with which the use of land and structures and the bulk and location of structures in relation to the land are substantially uniform. It is recognized, however, that there are certain uses and features which, because of their unique characteristics, cannot be distinctly classified or regulated in a particular zone or zones, without consideration in each case of the impact of such uses and features upon neighboring uses and the surrounding area compared with the public need for them in particular locations. Such uses and features are, therefore, treated as Special Exceptions.

44.02 REQUEST FOR SPECIAL EXCEPTIONS
Applications for the grant of Special Exceptions shall be filed with the Commission on forms provided therefore. The applicant shall submit plans and other data required in Section 44.03, and shall be consonant of the Commission's findings criteria in Section 44.04.

44.03 SUBMISSION REQUIREMENTS
Each application for a Special Exception shall be submitted to the Commission at least ten (10) days prior to a regularly scheduled meeting and shall be accompanied by such fee required to cover the cost of advertising and sending notices in connection with the application. The Applicant shall furnish as part of such application the following:

44.03.01 SITE PLAN
Site Plan as specified in SECTION 55, Site Plan Approval Requirement.

44.04 FINDINGS
A Special Exception may be granted when the Commission makes findings on:

44.04.01 COMPLIANCE WITH CITY PLAN
The proposed use is consonant of the Plan of Development for physical development of the City, as embodied in the Zoning Code and in any Master Plan or portion thereof adopted by the Commission; and

44.04.02 ADVERSE EFFECTS
The proposed use will not affect adversely the health and safety of residents or workers in the area and will not be detrimental to the use or development of adjacent properties or the general neighborhood; and
requirements continue to be met. However the Commission shall show in its record that it has reviewed an application for renewal of the specified Special Exception and that all appropriate provisions and findings are reaffirmed.

44.07 VIOLATION OF SPECIAL EXCEPTIONS
Whenever the Commission shall find, in the case of any Special Exception heretofore or hereafter granted pursuant to the provisions of this section, that any of the terms, conditions, or restrictions upon which such permit was granted are not being complied with, the Commission may rescind and revoke such permit after giving due notice to all parties concerned. Violation of Special Exception shall constitute a violation of the Zoning Code.

44.07.01 TERMINATION OF GRANTED SPECIAL EXCEPTION USE
In the event a Special Exception land-use is terminated and a proposed new use is not 'use by right' as currently zoned, application may be made to the Commission for approval of a substitute use for the facility. In its evaluation the Commission may hold a public hearing and shall consider the similarity of the proposed new use to the terminated Special Exception use.

44.08 STANDARDS FOR SPECIAL EXCEPTION
A petition for use of property subject to standards set forth herein shall be filed in accordance with the provisions of Section 44.02 and shall be subject to approval by the Commission unless specifically specified otherwise.

44.08.01 AMBULANCE SERVICE
Ambulance service uses are permitted subject to the regulations of the zone in which they are located in addition to the conditions hereunder:

A. No advertising or signs containing more than two (2) square feet in size shall be maintained on the premises where such ambulance service is being conducted or be attached to, or painted on the building in which such service is conducted.

B. The outward appearance of such building shall be substantially in conformity to the general characteristics of the surrounding neighborhood.

C. The nature and development of surrounding property; the proximity of churches, schools, hospitals, public buildings, or other places of public gatherings, the sufficiency in number of other such services in the City of Middletown; the health, safety and general welfare of the people should be considered.

44.08.02 CHILD CARE FACILITIES
Child care facilities are permitted subject to the regulations of the zone in which they are located and in addition to the conditions hereunder.
A. Provide at least thirty-five (35) square feet of interior play space per child;

B. Provide at least one hundred (100) square feet of exterior play space per child;

C. Noise and all other possible disturbing aspects connected with the operation of such use shall be enclosed, screened or otherwise controlled to the extent that the operation of any such use shall not unduly interfere with the use of properties or streets in the surrounding area;

D. School buses shall be garaged or stored in an enclosed area, properly screened and to the rear of the main building only.

E. There shall be buffering between outdoor play areas and parking adjacent to industrial or commercial uses.

B. Lot area shall be one acre or more.
C. Lot frontage shall be two hundred (200) feet or more.

Bustop Passenger Shelters
(1) Shall be proposed by the Middletown Transit District.
(2) Shall not include any signs not directly related to the bus system unless located in a zone which permits outdoor advertising signs.

HISTORIC AND/OR ARCHITECTURAL PRESERVATION SITES AND STRUCTURES.

A. The site, building or structure proposed shall be included in the Middletown Survey of Historical and Architectural Resources conducted by the Greater Middletown Preservation Trust, dated 1979, as either inventoried or notable buildings. (Effective 8/1/84.)
B. Permitted use of a site and structure shall be harmonious with the physical characteristics and originally designed use of the structure; i.e. a structure designed for a residence may be used as an office.
C. A written agreement shall be filed with the Commission stipulating that the exterior of the structure and the site will be restored and maintained in accordance with the historic time period the structure is identified.
D. In the event the proposed historic preservation structure is located in a fire district with which its materials of construction are incompatible application, via the Commission, shall be made to the legislative body to change
the boundaries of the fire district so that the Historic Preservation Zone is designated as outside fire limits in terms of the State Building Code. The proposed Historic Preservation structure shall not be less than thirty (30) feet from any structure in a contiguous fire district.

E. Off-street parking requirements for architecturally and historically significant buildings with adaptive uses may be modified when a proponent can show (a) needed off-street parking is or could be available in the vicinity and: (b) the economic feasibility of the project depends on the waiving of some or all of the off-street parking requirements.

44.08.27 REAR LOTS

are a Special Exception use provided that the applicant shall prove to the satisfaction of the Commission that the land characteristics and physical site conditions make such rear lot development practical, reasonable and desirable; and that such rear lot development will be in harmony with the purpose and intent of the Plan of Development and will comply with all applicable codes, regulations, and ordinances and shall meet the following specific requirements:

A. Be located in a residential zone.

B. Be used only for a single family residence.

C. Not less in area than twice the required size of a lot for the zone the proposed rear lot is located in except that no rear lot must be greater than 80,000 square feet.

D. An access strip, in the same ownership as the rear lot, shall have a width not less than twenty-five feet on a City street.

E. Not be separated from a City street by more than the depth of one front lot which is not less than the size of a lot required by the Code.

F. The shape shall be that a rectangle the required size of a front lot shall generally fit within the proposed rear lot configuration.

G. For building yard requirements the property line closest to the City street from which access is obtained, not including the access strip, shall be designated as the front lot line.

H. Set-back requirements shall be twice those required in the zone for standard lots.

I. There shall not be more than two access strips adjacent to each other.

J. No non-conforming lot shall be created as a result
of a proposed lot particularly in terms of remaining City street frontage and area.

E. Dwellings shall be connected to City water and sewer facilities, when constructed, if those facilities are available. If City water and sewer facilities are not available the Department of Health must approve the proposed lot for an on site well and septic system prior to the lots approval by the Commission.

L. The grade of the access strip shall not be more than four percent for a distance of fifty feet from the City street.

M. Electric and other utility service lines shall be placed underground if they are underground along the City street. (Revised 3/1/86.)

44.08.28 TWO (2) FAMILY DWELLINGS ON LOTS OF RECORD IN AN R-1 ZONE.

A two (2) family dwelling may be constructed on any lot in an R-1 zone provided that:

A) the lot has a frontage of at least fifty (50) feet and be established prior to 1986,

B) the lot has an area of at least 7500 square feet,

C) the lot is served by City water and sewer, and

D) that no less than fifty (50) percent of residential structures within a 300 foot radius of the corners of the lot are either two-family or multi-family dwellings. (Eff. 10/20/86.)

44.08.29 CARE/NURSING HOME AND COMMUNITY RESIDENTIAL TREATMENT FACILITY USES

A. The location of the facility shall be compatible with the neighborhood in terms of traffic, noise, and number of patients/clients cared for. The facility shall also be compatible with its setting in scale, material and design.

B. Each applicant must submit a description of its purpose and patient/client group.

C. All care/nursing homes and community residential treatment facility uses must connect to public water/sewer.

D. The site of the care/nursing home or community residential treatment facility must conform to the following requirements:

LOT AREA: 500 square feet per person

FRONTAGE AND YARDS: Same as in Residence zone which determines the lot area.

44.08.30 ROOMING HOUSE USES

A. The facility must connect to public water and sewer.

B. The size of the rooming house must conform to the following requirements:

LOT AREA: 1,000 square feet per person

FRONTAGE AND YARDS: Same as in Residence zone which determines the lot area.
SOLID WASTE DISPOSAL FACILITY AND AREA

(1) A Solid Waste Disposal Facility or Area shall meet all requirements of the Connecticut Department of Environmental Protection;

(2) The proponent shall submit the following information about the proposal;
(a) The waste types and quantity to be handled at the facility and/or placed in the area;
(b) Ground and surface water conditions;
(c) Geology, soils, and topographic features;
(d) Transportation methods and routes to the areas;
(e) Procedures for leachate, gas and runoff control and for operation and monitoring of the facility;
(f) The social, geographic and economic impact of the facility or disposal on the contiguous neighborhoods;
(g) Potential nuisance conditions.

(3) Solid Waste Facilities shall not be allowed over an aquifer or at any location where they might adversely affect an aquifer.

(4) The Commission may require evaluation reports from relevant professionals, including but not limited to geologists, hydrologists, and soil scientists.
SECTION 45  STREAMBELT REGULATIONS

45.01  Boundaries
Streambelts shall be all land so designated on a map prepared by the U. S. Department of Agriculture, Soil Conservation Service. The so designated streambelts have also been shown on the Zoning Map.

45.02  PURPOSE OF REGULATIONS
In Streambelts Components, as herein defined, no land shall be used or occupied, even as permitted in the zone in which such use is proposed, and no structure shall be erected or any change of grade or alignment made unless it is specifically authorized by the Commission. These regulations do not nor are they intended to, conflict with the regulations under the National Flood Insurance Program.

45.03  USES AND THEIR EVALUATION
In its evaluation for authorization the Commission shall consider the proponents evidence that:

1) The proposal will not be in conflict with the Plan of Development, open space plan, or Master Drainage Plan.

2) The development will not obstruct nature's drainage courses or hinder their ability to carry abnormal flow of storm water in periods of heavy precipitation.

3) The development will not discharge sediment or other pollutants which will impair public health or safety, into the water course.

4) The development will not involve areas subject to flooding.

5) The development will not adversely affect fish or wildlife habitats.

6) The development will not destroy unique areas and/or not disturb areas valuable for scientific or educational purposes.

45.04  CONSULTATION WITH OTHER AGENCIES
A. In the event that a proposed project is not located in a geographic area under the jurisdiction of the Inland-Wetland and Water Course Agency the Commission may refer a proposed project to that Agency for its review, recommendation and assistance in field control if the project is approved.
B. If a proposed project is given tentative approval the Commission may require an erosion and sedimentation control plan which meets the minimum requirements set forth in the "Erosion and Sediment Control Handbook" published by the Soil Conservation Service. Such erosion and sedimentation control plan shall be referred to the Middlesex County Soil and Water Conservation District for its technical review and advisory opinion.

C. If a project which proposes alignment changes, both horizontal and/or vertical, is given tentative approval, the Commission may require all hydraulic information for the proposed change be submitted for review and approval by the proper agency before final approval of the project.

45.05 EVALUATION PROCEDURE

The evaluation of any proposed project shall follow the Site Plan Approval Requirement (Section 55) of this Code. Proposals shall be considered as being Category 4.

45.06 STREAMBELT COMPONENTS

For the purposes of this Code, the main components for streambelts, as set forth in the SCS study, are:

1. The watercourse of a defined stream, including banks, bed and water.

2. Lands subject to frequent stream overflow.

3. Associated marshes and wetlands.

4. Contiguous lands with special beneficial and environmental values; i.e., wildlife habitat, aesthetic, public recreations, scenic, historic, etc.

5. Shorelines of lakes and ponds associated with the stream.

6. Potential water development sites of public significance.

7. Areas in proximity to streams where certain developments or land uses would have probably adverse environmental effects; i.e., pollution and health hazards, erosion and sedimentation, destruction of ecological systems.

8. Other areas necessary as links to form a continuous streambelt system.
SECTION 46 FLOOD AREA MANAGEMENT REGULATIONS

46.01 PURPOSE
The purpose of these regulations is to provide for the identification of potential flood hazard areas and the control of any developmental activity within these areas.

46.02 IDENTIFICATION
Flood Hazard Boundaries are those shown on the latest revision of maps provided by the federal government through the Federal Emergency Management Agency. The latest version of the maps have an effective date of December 16, 1980, and are drawn at a scale of 1" = 1,000'. These maps are adopted as part of this Code.

Interpretation of the maps shall be by the Commission staff who may ask the assistance of the FEMA.

The flood areas are also shown in a simplified version on the Zoning Map for the purpose of alerting potential land-users to see the more detailed FEMA maps.

46.03 OBJECTIVE
The objective of these regulations is to generally prohibit any new development in all areas shown as related to flooding. Development for this purpose includes any man-made change to property including filling, grading or paving. Utilities which are determined by the Commission as being required to transverse flood plain areas shall be designed to avoid impairment and minimize influences on the flood areas.

46.04 LAND-USES
For land-use purposes the flood areas are an overlay of the basic zones therefore uses and controls provided for elsewhere in this Code shall apply.

The following restrictions shall apply to the specific areas whose boundaries are shown in the Floodway Map.
(a) Floodway - no development permitted;
(b) 100 year area - no new development permitted including additions to existing structures;
(c) Approximate 100 year area and 500 year area - any proposed development shall be reviewed to determine potential impact on flooding. FEMA may be asked to assist in interpretation. Drawing of any proposed development shall be prepared by a registered engineer.
47.00 No swimming pool shall be constructed or operated in any zone, whether an accessory use or as a principal use, unless it complies with the following conditions and requirements.

47.01 EXCLUSIVE PRIVATE USE IN ALL RESIDENTIAL ZONES
If a swimming pool is located in any Residential Zone, the pool shall be intended and used solely for the enjoyment of the occupants of the principal building of the property on which it is located and their guests.

47.02 DISTANCE REQUIREMENTS
The swimming pool, if accessory to a residential use, may be located anywhere on the premises except in a required front yard, provided it shall not be located closer than ten (10) feet to any property line of the property on which located; provide further that pump and filter installations shall be located not closer than ten (10) feet to any property line.

47.03 FENCING
The swimming pool, or the entire property on which it is located, shall be so walled or fenced as to prevent uncontrolled access by children from the street or from adjacent properties. Gates must be self latching with latches placed four (4) feet above the underlying grounds or otherwise made inaccessible from the outside to small children.

47.04 LIGHTING
Any lighting used to illuminate the swimming pool area shall be so arranged as to deflect the light from adjoining properties.

47.05 ZONING CERTIFICATE REQUIRED
No person, firm or corporation shall construct or install a swimming pool or make any alterations thereon or in the appurtenances thereof without having first submitted an application and plans therefor for approval.
SECTION 48 SIGNS

48.00 GENERAL REQUIREMENTS
The following regulations and standards are established to assure compatibility of signs with surrounding land usage, to conserve property values in all zones, and to strengthen the economy of the City. All signs hereafter erected or maintained, except official traffic and street signs, shall conform with the provisions of this section.

48.01 DEFINITION AND REGULATIONS
For the purposes of this section, certain terms or words used herein shall be interpreted in accordance therein in the regulation of signs.

48.01.01 SIGNS
Any letters, figures, design, symbol, trademark, or illuminating device intended to attract attention to any place, subject, person, firm, corporation, public performance, article, machine or merchandise whatsoever and painted, printed or constructed and displayed in any manner whatsoever out of doors for recognized advertising purposes. However, this shall not include any official court or public notices nor the flag, emblem or insignia of a government, school or religious group when displayed for official purposes.

48.01.02 SIGN, AREA OF
The entire area within a continuous perimeter, including the extreme limits of actual copy area. It does not include any structural or framing elements lying outside the limits of such sign and not forming an integral part of the display. Only one side of a double-faced sign shall be used in computing the total area of said double-faced sign.

The area of a sign composed of characters or words attached directly to a large, uniform building wall surface shall be the smallest rectangle which encloses the whole group.

48.01.03 SIGN, ANIMATED
A sign which rotates, moves, or in any way stimulates motion; except for clocks.

48.01.04 SIGN, BUSINESS
A sign which directs attention only to a business, commodity, service, activity, or product sold, conducted or offered upon the premises where such sign is located.

48.01.05 SIGN, FLASHING
An illuminated sign on which the artificial light is not kept stationary or constant in intensity at all times when in use. Illuminated signs which indicate the time, temperature, date or similar public service information shall not be considered "flashing signs".
48.01.06 SIGNS, OUTDOOR ADVERTISING
A sign which directs attention to a business, product, activity or service which is generally conducted, sold or offered elsewhere than upon the premises where such sign is located.

48.01.07 SIGN, PROJECTING
A sign which is attached to the building wall and which extends more than fifteen (15) inches from the face of such wall.

48.01.08 SIGN, TEMPORARY
A banner, pennant, poster or advertising display constructed of cloth, canvas, plastic sheet, cardboard, wallboard or other like materials and intended to be displayed for a limited period of time.

48.01.09 SIGN, WALL
A sign which is attached to the wall of a building, with the face in a plane parallel to such wall, and not extending more than fifteen (15) inches from the face of such wall.

48.01.10 SIGN, DIRECTORY
A sign which is intended to direct attention to non-residential land uses conducted or offered on different premises than those on which such sign is located.

48.02 EXEMPTIONS
The following types of signs are exempted from all provisions of this section, except for construction and safety regulations and the following requirements:

48.02.01 PUBLIC SIGNS
Signs of a non-commercial nature and in the public interest erected by, or on the order of, a public officer in the performance of his public duty, such as safety signs, danger signs, trespassing signs, traffic signs, memorial plaques, signs of historical interest and the like.

48.02.02 INSTITUTIONAL SIGNS
Signs setting forth the name or any simple announcement for any public, charitable, educational or religious institution located entirely within the premises of that institution, up to an area of twenty-four (24) sq. ft. Such signs may be illuminated in accordance with the regulations contained hereinafter. If building mounted, these signs shall be flat wall signs and shall not project above the roof line. If ground mounted, the top shall be no more than six (6) feet above ground level.

48.02.03 INTEGRAL SIGNS
Names of buildings, dates of erection, monumental citations, commemorative tablets and the like when carved into stone, concrete or similar material or made of bronze, aluminum or other permanent type construction and made an integral part of the structure.
PRIVATE TRAFFIC DIRECTION SIGNS
Signs directing traffic movement onto a premise or within a premise, not exceeding three (3) sq. ft. in area for each sign. Illumination of these signs shall be permitted in accordance with the regulations contained hereinafter. Horizontal directional signs on and flush with paved areas are exempt from these standards.

SMALL SIGNS
Signs not exceeding two (2) sq. ft. in area, attached flat against the building, stationary and not illuminated, announcing only the same name and occupation of building tenant.

RENTAL SIGNS
Signs on the premises announcing rooms for rent, table board, apartment or house for rent and not exceeding four (4) sq. ft. in area.

VEHICLE SIGNS
Signs on vehicles of any kind, provided the sign is painted or attached directly to the body of the original vehicle and does not project or extend beyond the original manufactured body proper of the vehicle.

POLITICAL SIGNS
Signs on residential premises associated with political campaigns within a time period of ninety (90) days before and thirty (30) days after an election.

TEMPORARY SIGNS
The following signs shall be permitted anywhere within the City and shall not require a permit.

CONSTRUCTION SIGNS
Signs which identify the architects, engineers, contractors and other individuals, or firms involved with the construction, but not including any advertisement of any product, and signs announcing the character of the building enterprise for which the building is intended, during the construction period, to a maximum area of twelve (12) sq. ft. for each firm. The signs shall be confined to the site of the construction and shall be removed within thirty (30) days of the beginning of the intended use of the project.

REAL ESTATE SIGNS
Signs advertising the sale, rental or lease of the premises or part of the premises on which the signs are displayed, up to a total area of twelve (12) sq. ft. Such signs shall be removed within fourteen days of the sale, rental or lease.

STREET BANNERS
Banners advertising a public entertainment or event, if specially approved by the Commission, and only for locations designated by the Commission during fourteen days (14) before and seven (7) days after the event.

SHOW WINDOW SIGNS
Signs in a window display of merchandise when incorporated with such a display. They need not be related in content with the display.
Section 48.03.05 ZONING APPLICATION SIGNS

In all Zoning matters before the Planning and Zoning Commission requiring a public hearing, the applicant shall cause to be posted a sign or signs visible from the street, notifying the public of said hearing. The sign(s) shall be the responsibility of the applicant and posted subject to the following conditions:

1. The sign(s) shall be posted seven (7) days prior to the day of the hearing. (Eight (8) days if seventh day is a holiday.) It shall be firmly secured to the ground, or structure to prevent vandalism. If there is more than one frontage of the parcel on a street or streets, one sign for each frontage shall be posted. The locations of the sign or signs shall be shown on all drawings with an application.

2. The composition of the sign(s) shall be of a durable material (wood or metal), 40 inches by 40 inches in size painted white with black lettering having a minimum height of four (4) inches with a letter stroke of one (1) inch.

3. The sign(s) shall advertise the date, time, and place of the public hearing, of the subdivision or resubdivision.

4. Format of the sign shall be obtained at the Planning and Zoning office.

5. The Zoning Enforcement Officer shall file a report with the Commission that the sign was observed in place in accordance with the above.

6. The above regulations shall also apply to any action initiated by the Planning and Zoning Commission. The sign shall be posted by the Department of Public Works for the Planning and Zoning Commission.

7. A proponent who fails to display the sign shall be required to file a new application.

8. The sign(s) shall be taken down at least one (1) week after the Public Hearing is held.

OUTDOOR ADVERTISING SIGNS

Outdoor Advertising Signs are permitted in B-2, General Business Zones, I-1, Service Industrial Zones and I-2, Restricted Industrial Zones on lots having not less than fifty (50) Linear feet of street frontage. Such signs shall not contain over two (2) signs per facing, neither sign exceeding an area of three hundred (300) sq. ft; provided that in lieu of two (2) signs, one sign per facing shall be permitted, in which event no such sign shall exceed an overall length of forty-eight (48) feet nor a vertical dimension of fourteen (14) feet, exclusive of cutouts and/or embellishments.

No outdoor advertising sign shall be permitted to be erected within fifty (50) feet of an adjoining Residence Zone if designed to face directly into such zone and be visible therefrom.

No outdoor advertising sign structure to be located within six hundred sixty (660) feet of and to be visible from any interstate highway (including I-91) shall be permitted to be erected within five hundred (500) feet of any other such structure on the same side of the road.

STRUCTURAL REQUIREMENTS

All signs shall comply with the pertinent requirements of the Public Works Ordinance of the City of Middletown.

NON-CONFORMING SIGNS

Signs existing at the time of the enactment of this ordinance and not conforming to its provisions but which were constructed in compliance with previous regulations shall be regarded as non-conforming signs. No non-conforming sign shall be altered by increasing its overall dimensions. If damaged to the extent of one-half of its fair market value, no non-conforming sign shall be reconstructed; provided that nothing contained herein shall prevent customary maintenance, repainting or posting of such signs or structures.

SIGN PROHIBITIONS AND GENERAL REQUIREMENTS

The construction of any type of sign shall conform to the requirements of the State Building Code and to any other municipal regulation governing the construction of signs. In addition, the following prohibitions and general requirements shall apply in all zones:

A. No sign shall be attached to or obstruct any window, door, stairway or other opening intended for ingress or egress or for needed light and ventilation. Nor shall any sign be attached to any tree, fence or utility pole or be permitted to be painted directly upon the wall or roof of any building.

B. All signs and components thereof shall be kept in good repair and in a safe, neat, clean and attractive condition.
C. Any sign now or hereafter existing which no longer advertises a bona fide business conducted, product sold or activity or campaign being conducted shall be taken down and removed by the owner, agent or person having the beneficial use of the building, structure or lot upon which such signs may be found within thirty (30) days of such cessation.

Upon failure to comply within the time specified, the Building Inspector is hereby authorized to order removal of such sign, within thirty (30) days of a written notification, and expense incident thereto shall be paid by the owner of the building, structure or lot to which such sign is attached.

D. Illuminated signs, including outdoor advertising signs, shall be so designed and arranged that any external illumination is so effectively shielded that no direct light is cast into residential areas or public streets. External lighting fixtures shall be permitted on indirectly illuminated signs, provided such fixtures do not extend more than six (6) feet beyond the sign structure and are so attached that such illumination is directed upon the face of the sign and does not reflect directly into adjoining property of public streets.

E. The exposed back of every outdoor advertising sign shall be effectively shielded from view from a public street by: an adjacent building; other substantial facing on the same structure of comparable size; or by the painting of such exposed back by the sign owner in a neutral color. Unless topographically impractical, new or rebuilt outdoor advertising ground structures shall be of the cantilever type to lessen possibility of unsightly "A" frame construction.

F. Neon lighting and tubing may be used on permitted signs, but it is not permitted to outline buildings or structures or ornamental features by use of exposed neon tubing, strings of lights or otherwise.

G. No flashing lights, moving parts, or animated signs are permitted.

H. Signs may be located in the vertical faces of marquees but shall not project below the lower edge of the marquee. The bottom of marquee signs shall be no less than ten (10) feet above the sidewalk or grade at any point. No part of the sign shall project above the vertical marquee face.
I. No wall or projecting sign shall be located in such a manner as to obstruct the light and vision of a window, nor extend higher than forty-eight (48) inches above the roof or parapet line of the building to which attached.

J. No signs shall be attached to the roof, or painted on the roof, of any building.

K. Free standing signs shall not exceed twenty-five (25) feet in overall height above ground level.

L. All signs related to premises on which the sign is located shall be within the parcels property lines.

M. One projecting sign shall be permitted for each street frontage, for a commercial use, but the sign shall not project more than twenty-four (24) inches from the face of the building to which it is attached.

N. Directory signs may display a horizontal panel area not to exceed 1' X 4' for each land-use and may be placed between two vertical columns. Maximum height shall be 12 feet, maximum width 8 feet.

The establishment of each directory sign shall require approval of the Commission with regard to location, design and height within the standards herein set.
ARTICLE V ADMINISTRATION AND ENFORCEMENT

SECTION 53 COMMISSION

53.01 COMMISSION

53.01.01 DUTIES
The Commission shall exercise and discharge the duties provided for it by this Code and are necessary to carry out the provisions of this Code.

53.01.02 POWERS LIMITED
Nothing contained in this Code shall be deemed to authorize the Commission to modify any requirements of this Code, except as provided in specific cases in this Code.

53.02 SPECIAL EXCEPTIONS
Where provided for elsewhere in this Code, the Commission may, in appropriate cases, grant a special exception.

53.02.01 AUTHORIZATION
The Commission shall hear and decide only such special exception as the Commission is specifically authorized to pass on by the terms of this Code; to decide such questions as are involved in determining whether special exceptions should be granted; and to grant special exceptions with such conditions and safeguards as are appropriate under this Code, or to deny special exceptions when not in harmony with the purpose and intent of this Code.

53.02.02 FINDINGS
A special exception shall not be granted by the Commission unless and until:
A. A written application for a special exception is submitted indicating the subsection under which the special exception is sought; and such application is accompanied by the appropriate fees and documents listed in subsection 44.03.01 of this Code.

B. The Commission shall make a finding that granting of the special exception will not adversely affect the public interest; that such special exception is authorized under a special subsection of this Code; and that satisfactory provisions and arrangements have been made concerning each of the findings listed under subsection 44.04 of this Code.

53.02.03 PROCEDURES
The procedures required for granting a special exception are provided for in subsection 44.32, 44.33, 44.34. 44.35 and 44.36 of this Code.

53.03 CONTINUOUS REVIEW OF CODE
The Commission and its staff shall carry on a continuous review of the effectiveness and appropriateness of the Zoning Code and recommend such changes as seem fit.
SECTION 55 SITE PLAN APPROVAL REQUIREMENT

55.01 GENERAL
It shall be unlawful to construct, erect, enlarge, alter, or rebuild any structure or modify any site or change any land-use or to apply for any required municipal permit unless such proposed development shall have received site plan approval as herein provided.

For the purposes of this Code a site plan is a drawing which shows the location of a parcel of land in relationship to its contiguous territory in sufficient detail to locate it on the City Zoning Map and also meets the specifications herein set forth.

55.02 PURPOSE
The purpose of the site plan is: (1) to provide an opportunity to assure that the requirements of this Code, and other pertinent City regulations, ordinances, inspections and procedures are met and; (2) where required to provide an opportunity for participation in any proposal by various technical personnel and to also incorporate the value judgement of the Commission.

55.03 PROCEDURE
Proposals shall be considered in the following four categories which are arranged in terms of increasing complexity.

Category (1) includes alterations which do not change the size or use of a building or structure or the site. Examples include re-roofing or residing a building or changing interior partitions. Proposals in this category may be approved by the Building Inspector without an actual site plan being presented.

Category (2) includes all single detached dwellings or any addition or accessory uses thereto which meet all Code requirements.

Category (3) includes any proposal not in categories 1 or 2 which meet all Code requirements and does not require the granting of a Special Exception. Examples of this category include new buildings and additions to existing buildings in a proper zone.

Category (4) includes any proposal not in categories 1, 2, or 3 and further any proposal about which there is disagreement among any of the participants in categories 1, 2, or 3. Examples of this category include requests for Special Exception and expansion of non-conforming uses. After processing as herein setforth the site plan shall be considered for approval by the Commission.
Proponents for proposals shall submit legible prints or site plans to the Office of the Building Inspector which meet the following specifications and show the information noted. The survey maps of property used as the basis for site plans shall be drawn to the accuracy of Class A-2 recommended by The Connecticut Association of Land Surveyors, Inc. as stated in that organization's most recent publication. (2/84)

In addition to other requirements the site plan for projects which involve new buildings and subdivisions, shall be shown on at least one (1) print of the "Topography Map of the City of Middletown, Connecticut, Showing Drainage Systems and Inland Wetlands Superimposed" at the scale of 1" = 100', sheet 24" X 36", date of photography April 17, 1980, or a later revision.

The location, site plan, and subdivision on the Topographic Map shall be drawn by the same registered Land Surveyor that prepares the project plan and shall be sealed and signed by that person. (11/82)

A. Sheet sizes
   (a) 12" X 18"
   (b) 18" X 24"
   (c) 24" X 36"

B. Graphic scale
   1" = 40' or other suitable scale for information shown.

C. North arrow, with north at the top of each sheet.

D. Title block in lower right corner of sheet showing:
   (a) name of project
   (b) names of owner and/or developer
   (c) date and subsequent date of possible revisions.
