

# SOCIAL DISTANCING

Social distancing, or physical distancing, means keeping space between yourself and other people outside of your home. It's one of the best tools we have to avoid exposure and slow transmission of the virus.

## EMPLOYEES

Stay at least six feet—about two arms length—from others

In-person meetings should be avoided as much as possible

Where in-person meetings occur, limit them to a maximum of 10 people, with all attendees wearing masks for face coverings, and maintain six feet of separation from others

Respect physical space between employees and customers (e.g., drive through, Plexiglas partitions)

Deliver services remotely (e.g. phone, video, or web) where practical

Deliver products through curbside pick-up or delivery when possible

## CUSTOMERS, CLIENTS, & VISITORS

Please respect all social distancing signage and markers—maintaining at least six feet of separation helps keep you and us safe!

Go with the flow—please follow posted one-way directional markers

We prefer the use of contactless payment methods

**STAYING  
SAFE  
TOGETHER**
